VOLUME CVII.—NO. 261.

ALEXANDRIA, VA., TUESDAY EVENING, OCTOBER 30, 1906.

PRICE 2 CENTS.

Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to every reasonable individual as radically wrong.

It would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weakness, various displacements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weakness, derangements and debility which are aggravated by the many household cares, and the hard, never-ending work which the mother is called upon to perform. Dr. Pierce's Favorite Prescription says that one of the greatest obstacles to the cure of this class of maladies is the fact that the poor, over-worked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's inability to abstain from hard work long enough to be cured. With those suffering from profluous, antiseptic and retroversion of the uterus or other displacement of the woman's organs, it is very necessary that, in addition to taking his "Favorite Prescription" they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much outdoor air as possible, with moderate, light exercise is also very important. Let the patient observe these rules and the "Favorite Prescription" will do the rest.

Dr. Pierce's Medical Advisor is sent free on receipt of stamp to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 cent-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

[Entered at the Postoffice at Alexandria, Virginia, as second-class matter.]

The Presbyterian Synod.

At Saturday's session in Staunton of the Presbyterian Synod of Virginia a committee was appointed to assist Norfolk Presbytery in evangelistic work in connection with the Jamestown Exposition. The overture from Abingdon Presbytery, asking that all titles and degrees be omitted from the minutes, was adopted. The committee on the establishment of a high-grade synodical college was continued. The report of the interdenominational committee on Sunday railroad trains provoked considerable discussion. The report was approved and the committee was thanked and continued. The report stated that 15 leading officials of the railroads of Virginia had met the committee. These gentlemen would like to reduce the evils of Sunday trains, which they recognize as well as the church people, and they appointed a committee of three to co-operate with the church committee to draft a bill to go before the legislature embodying the ideas of the joint committee. One railroad president is reported to have said: "If the Christian people will stop demanding Sunday trains it will be much easier for us to deal with this matter".

Christian Scientists' Denial.

Boston, Oct. 20.—Roused to action by the story printed in the Sunday edition of the New York World, charging that Mary Baker G. Eddy is no longer the real head of the Christian Science Church but a mere puppet in the hands of a band of designing schemers, those nearest to the aged woman have come to the front with statements in rebuttal to those given circulation. Some radical action is regarded as certain to be taken. Christian Scientists, in the very nature of their belief, are restrained from violent outbreaks and there is comparatively little manifestation of the agitation which is known to be stirring in the breasts of the leaders of the cult. At the same time every one expresses the belief that an explosion of some sort will occur today.

This can come in two ways. The leaders can present Mrs. Eddy to the public and in that way convince the skeptical that the charges made are all false or they can institute proceedings against those who have made charges against the leaders of the cult—charges which many believe will prove strong enough to wreck the present organization of the church.

This city is a hotbed of Christian Science, and it is now taking orders from Pleasant View, Mrs. Eddy's home, rather than from the city hall.

Feeling against newspapers and newspaper men is strong and there is a marked disinclination on the part of the Christian Science people to dignify the charges with a reply.

Death of Bishop Nicholson.

Bishop Isaac Lea Nicholson, of Milwaukee, who was born in Baltimore and was for a long time assistant rector of Old St. Paul's Church in that city, died yesterday in Milwaukee. His death was due to an ailment of the heart and came after a lingering illness.

Bishop Nicholson was a son of the late John J. Nicholson, senior member of the banking firm of J. J. Nicholson & Son of Baltimore. He studied theology at Dartmouth College and at the Theological Seminary near this city.

After the completion of his studies he was elected in 1872 assistant rector of Old St. Paul's, Baltimore, where he continued until 1875. Part of this time he was in charge of the work at St. James' First African Church. For a brief period he was rector of Ascension parish, Westminster, Md. He then became rector of St. Mark's Church, Philadelphia, where he remained until elected Bishop of Milwaukee. He was widely known as an advanced high churchman.

He married Miss Adele Elliott, daughter of Mr. Henry W. Elliott, of Baltimore. Dr. Nicholson leaves one son, Mr. Isaac Lea Nicholson.

May Priest Eat With Bishop? Should a bishop eat with an ordinary clergyman? Some members of the Women's Auxiliary Committee of the Protestant Episcopal Church think it wouldn't hurt the bishops a bit. The majority believe that the bishops' dinner ought to be protected from the younger and, perhaps, hungrier wearers of the cloth.

Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws.
